

Fidson Healthcare Plc

CORPORATE SERVICES DEPARTMENT

REPORT ON CORPORATE SOCIAL RESPONSIBILITY (CSR)

In what can be described as a conscious effort to live her motto, Fidson Healthcare Plc has extended her life-valuing gesture to yet another beneficiary adding to the multitude of such recipients in the past.

The 9th day of August, 2010 was graced with the "not uncommon" chain table act of Fidson Healthcare Plc when a sum of 50,000 (fifty thousand naira) was handed over to Mr. Emmanuel Oladimeji on behalf of his brother, Mr. Bamishe Oladimeji, a victim of a ghastly auto accident in return along Shagamu

In what seem to be the vaporization of hopelessness, the aura around Mr. Oladimeji as well as his countenance transformed at the speed of laser into a joyful one and he sang the praise of the company. He expressed his profound gratitude for the donation and thank the management of the company for their magnanimous effort in eliminating the financial constraint that would have deferred the surgical operation which Mr. Oladimeji Bamishe is to undergo.
